I/we agree to place a marker observing the above specifications as set forth by the Murrieta Valley Cemetery District.

DECORATION and MAINTENANCE POLICY:

On a weekly basis staff will remove decorations that have become old, faded, dead, ext... Staff will always remove anything that is deemed a safety hazard. Unacceptable items include (but not limited to) glass, alcohol, mylar balloons. If you choose to keep decorations on a plot on a continual basis we encourage you to remove them periodically for maintenance purposes, however if you fail to do this and turf becomes unsightly (more than 3" tall) staff will remove your decorations. Mowing and edging is done on a weekly basis or as needed. Trash cans are emptied as needed. Flower cups are available in chests with signs saying "flower cups". Staff is not responsible for lost or damaged decorations.

I acknowledge that I have read and understand both of the above policies and agree to abide by said policies.
